**GENERAL NOTES**

- 1.) Survey coordinate and bearing basis: Hennepin County Coordinates
- 2.) No indication of wetland delineation by a qualified wetland specialist has been located or observed on site.
- 3.) At the time field work was performed for this survey, the ground was frozen and ice had formed on the edges of the waterway. There was frozen debris on East and West edges of the cabled concrete overflow structure. Physical features were located to the best of our ability, but there may be additional features that were not visible and, therefore, not shown hereon.
